Fear love
A failure to nothing but an empty shape
We collide and we were dead on

Are you tired enough?
I think I hurt your head enough
Bruising me the first touch
We'll fall asleep
We'll close it up

Count the days til you get rid of me
Til I fall asleep
I am meaningless, endlessly
You'd feel fine if you could bury me
Six feet underneath
I wont see it
And now I'm recklessly ending it As it falls from the
stage to the floor
The day ends when I say it does
I'm afraid of him, I'm afraid of him

My mother sings when she's afraid of me
Because I hurt her more, more than the son she sees
It scares her half to death
My father sings when he's afraid of me
Because I hurt him more, more than The son he sees
It scares us all to death

Oh my son, why did you leave me? Where did you run
my son?
Why did you leave me?

Oh my son, why did you leave me?
Where did you run my son?
You left me empty
