I wasn't gonna fake it,
Relationships are overrated.
I just wanna shake it.
Can any of you really take it?

Well you only have the goods,
The question ain't if I should
Take a little,
Break a little,
Shake a little,
Make a little...

Let me see the next in line,
I want some candy for my eye.
I don't wait for Mister Right,
What I want is someone tonight

Well you only have the goods,
The question ain't if I should
Take a little,
Break a little,
Shake a little,
Make a little...

I love you and I love you too..
Why is it so hard to choose?
I just want all of you!
Oh, I love you and I love you too..
Why is it so hard to refuse all of you?

Have you ever seen a pussycat on a leash?
Never me, never me,
Never on a leash.
Have you ever seen a pussycat on a leash?
Never me, never me,
Never on a leash

Make sure my ladies
Get this super pass

Come on, boys, show me something (something)

You can't have this for nothing (nothing)
Imma gon' end up running (running)
If I don't see you jumping

Well you only have the goods,
The question ain't if I should
Take a little,
Break a little,
Shake a little,
Make a little

Come on, girls, show them something,
We don't have the goods for nothing!
Throw them a bone, they're starving,
Can you hear them barking (woo-woo)

Oh that's the way we roll,
Hold on candy goal!
Take a little,
Break a little (uh)
Shake a little,
Make a little

I love you and I love you too..
Why is it so hard to choose?
I just want all of you!
Oh, I love you and I love you too..
Why is it so hard to refuse all of you?

Have you ever seen a pussycat on a leash?
Never me, never me, never on a leash
Have you ever seen a pussycat on a leash?
Never me, never me, never on a leash

Have you ever seen a pussycat on a leash?
Never me, never me, never on a leash.
Have you ever seen a pussycat on a leash?
Never me, never me, never on a leash

Never on a leash.. yeah yeah.. uhh
