Do you fuck for money
Do you fuck for money
Do you fuck for money

Embarrassing this question is
If the answer happens to be "no"
Still it is the question on my mind
And I'd really like to know

Do you fuck for money
I know it's not funny
But I'd like to know

Do you fuck for money
Do you fuck for money
Do you fuck for money
Do you fuck for money

Well I hope you don't
But I hope you do
Would it make life easier
It might for you

You dirty fornicater
If your going to do it anyway
Your tramp stamp happens to say
Your not a foreigner to all the way

So if you fuck for money
You'd know the next question I would ask
Yeah I got the money
But that's not the bulge in my pants
