No no no  
I don't want anything to do with you  
But you think that I lie evermore  
I don't want anything to do with you  
But you think that I lie evermore  
I don't want anything to do with you  
But you think that I lie evermore

I have nothing left to give this world  
You probably did not appreciate  
The efforts I had made anyway  
It does not matter now anyway

Now Now Now  
I don't want anything to do with you  
But you think that I lie evermore  
I don't want anything to do with you  
But you think that I lie evermore

I have nothing left to give this world  
You probably did not appreciate  
The efforts I had made anyway  
It does not matter now anyway

I know that you lie evermore  
I had known that you lie evermore  
My life not a joke  
Still you lie evermore
