Think I'm sicker than you
I love a girl I'm not supposed to
I love a girl I once proposed to
I love a girl I'm so opposed to
I love a girl that it's wrong to

I think I'm sicker than you
I think I'm sicker than you
Saul my friend
I think I'm sicker than you
I think I'm sicker than you
Saul my friend

I think I'm sicker than you
I think I'm sicker than you
I think I'm sicker than you
Saul my friend
I think I'm sicker than you
I think I'm sicker than you
I think I'm sicker than you
Saul my friend

Ain't it funny how this shit plays out
Some things are just as they are
So how do you really know
Until after you've pushed shit way to far

I think I'm sicker than you
I think I'm sicker than you
Saul my friend
I think I'm sicker than you
I think I'm sicker than you
Saul my friend

Think I'm sicker than you
I love a girl I'm not supposed to
I love a girl I once proposed to
I love a girl I'm so opposed to
I love a girl that it's wrong to
