Things that are, are  
And things that aren't, aren't  
Sadly some things just fall apart

Things that are, are  
And things that aren't, aren't  
Sadly some things just fall apart

Things that are, are  
And things that aren't, aren't  
Sadly some things just fall apart

Things that are, are  
And things that aren't, aren't  
But that does not mean  
Things need to fall apart

That does not mean  
Things need to fall apart  
That does not mean  
Things need to fall apart

But that does not mean  
Things need to  
But that does not mean  
Things need to  
But that does not mean  
Things need to  
But that does not mean  
Things need to...

Some things are just not meant to be  
Yet you still do...  
Ridicule me... Ridicule me...  
You Ridicule me...

Things that are, are  
And things that aren't, aren't  
Sadly some things just fall apart

Things that are, are

And things that aren't, aren't  
Sadly some things just fall apart

Things that are, are  
And things that aren't, aren't  
Sadly some things just fall apart
