I was something the lord made
Then you succeeded in your endeavor
Now I've changed
I can't say it's for the better

I may look the same
You've ripped my insides out
Though I may look the same
I am different and without

Have you no shame
Only me to blame
Did your experiment go as expected
Did I disappoint you

I am the monster you've created
This you and I know
I am the monster you've created
Now where do I go

Without a word
No sound heard
You evil bird
Pitted and Corrupted

I may look the same
She ripped my insides out
Though I may look the same
I am different and without

I was something the lord made
Then you succeeded in your endeavor
Now I've changed
I can't say it's for the better

I am the monster you've created
This you and I know
I am the monster you've created
Now where do I go
