You don't care
You don't care
You don't care

You don't care
You don't care
You don't care

I want nothing more to do with you
Because you don't care
And I do but that don't
Mean jack shit to you

You don't care
That's not my fault
You don't care
Put your life at halt

You don't care
You don't care
You don't care

You act as if nothing happened
It was all fun and games
You leave me here broken
Your still without shame

You don't care
You don't care
You don't care

Your heart made of ice
You are stubborn and cold
That's nothing new for you
You were born too blod

But you don't care
But you don't care

I have nothing left
And you have it all
It's always been that way

Spring, Summer and Fall
