I wrote a song for you
But I don't want you to hear it
Constant reminder
You and I don't seem to fit
My heart tells me one thing
My head says the other
No worth thinking about
But I can't help but wonder, oh

And I can't stand to see you move along
In this crazy haze we call life
You never saw the signs that came gone
Who knows that you could of been my life
Now you know, the secret I've kept

I seek through my window
But your the one who hide
I don't want you to know
I need you in my life
Crawling on my weak knees
To get what's rightfully mine
There's some things that I can't see
This feeling is always blind

And I can't stand to see you move along
In this crazy haze we call life
You never saw the signs that came gone
Who knows that you could of been my life
Now you know, the secret I've kept

Tell me
Was it not a lie?
Tell me
Was it out of sight?
Tell me
Is this goodbye?

And I can't stand to see you move along
In this crazy haze we call life
You never saw the signs that came gone
Who knows that you could of been my wife
Now you know, the secret I've kept
