Wish You Were Here

Feeling love for you  
feeling much for you  
oooooooohh  
b baby baby baby  
It's a lonely world without you  
wish you were here, you were here baby  
I keep missing you baby  
wish you were here, you were here baby  
I wanna kiss you  
no one knows the secrets  
where the heart's not gonna go  
between me and you  
dancing on the sunsets  
reminesce just today's hello  
I love being with you baby  
looking for the morning  
hard to find that they're on my face  
Oh cause I miss you  
was a sweet sensation  
cause the love hasn't been erased  
had to go  
everyday with out you  
Is a story without an end  
empty pages  
Empty pages from a stranger without a friend

wish you were here, you were here baby  
Lord I know I'm in your mind, oh It makes me cry  
wish you were here, you were here baby  
ooooh iiiihhhhhiiii  
wish you were here, you were here baby  
Whoa, whoa, whoa  
wish you were here, you were here baby  
I trusted you til I came back home baby  
Now we're just a memory  
that the wind carries to the sea

Don't let me down  
and the cold refection  
of the pain coming back to me  
Pull a little pain from you  
Now a lonely shadow  
follows me every where I go  
every where I go  
understand your absence  
cause the needs got me feeling low  
feels so bad  
Now I'm epileptic  
all my joy from the ecstasy  
we had so much fun together  
trying to capture moments  
of delight from my love spent dreams

ooooooooooooooooooh  
I don't wanna be without you anymore, I  
wish that you were here, you were here baby  
wish you were here, you were here baby  
baby  
wish that you were here, you were here baby  
wish you were here  
wish you were here, you were here baby  
tired of drying these tears  
wish that you were here, you were here baby  
wish you were here  
wish you were here, you were here baby  
Ohh the way you look in my mind  
wish you were here, you were here baby  
wish you were here  
wish you were here, you were here baby  
Never, never, never gonna be lonely  
wish you were here, you were here baby
