Just this time I ask  
please do it slowly  
Don't leave this  
cardboard  
here in my soul  
Remember I'm the meek  
and the lowly  
Don't leave it crumbling  
here in my soul

Oh  
Listen  
It's Gone

Just this time I ask  
please speak it softly  
Don't wake the ghosts  
here in my soul  
For now I hear the  
coming of silence  
As white and stark  
As my fragile soul

Oh  
Listen  
It's Gone

Just for now I ask  
drop it forever  
Don't leave it wandering  
here in my soul  
Remember I'm the meek  
and the lowly  
Don't leave this cardboard  
here in my soul
