First Verse:

looking out the mirror, i see a thousand people
gotta different struggle but wanna be taken equal
in society people start discriminatin
but in history they said we are the free-est nation
i wonder how things changed from when my grandma
was
alive and i was just livin' life because she showed me
love
and now people neglect, kill.. cause no respect
for family and anybody else's seem to touch they chest
where they heart pumps cause god hasn't given up
havent sent you home even though we all keep messin
up
he's givin up a chance and i just wanna see us smile
the worlds so corrupt now i walk around and count the
frowns

Chorus:

..what i go to do to
make everything the way it was
..when everbody was happy
and nobody seemed to make ish up.
..when people in life wasn't fake
and life was sweet as grandma's cake
..i wanna see a smile on faces,
cause we're all angels

Second Verse:

we all got our problems, some's more serious
some parents chill, others get real furious
some kids get voilated, church people love to praise it
some kids like masterbatin' but that's their place no
one's the greatest
...who am i to judge, one of god's child's
when i have my own problems and i have my own
doubts
they say don't judge a book by a cover.. why?
it's probably wrong and you don't know their feelings
thats inside
people make a change, but others never focus
or care for other people, those the ones that aren't the

closest
to them selves, instead of talkin' we should help
people get free and open and unlock them from they
cell
so tell me

Chorus:

..what i go to do to
make everything the way it was
..when everbody was happy
and nobody seemed to make ish up.
..when people in life wasn't fake
and life was sweet as grandma's cake
..i wanna see a smile on faces,
cause we're all angels

Third Verse:

...you can, take my hand
and can, live your life
the way you wanted to
there's nothing wrong with you
..don't let, people tell ya
..you're nothing.. you're a failure
just be real with yourself
what i gotta dooooo
(i wanna make a difference)
(tell if you listenin)

Chorus:

..what i go to do to
make everything the way it was
..when everbody was happy
and nobody seemed to make ish up.
..when people in life wasn't fake
and life was sweet as grandma's cake
..i wanna see a smile on faces,
cause we're all angels
