[VERSE 1: SHAUN LINEN]

When you smoke herb
It reveals you to yourself
After we burnt one
She said I make her melt
The way you dance girl
It can't be for your health
And I can manage you if you need the help
Stealth only when we wanna be
We really like the sun to see
You feeling kind of tense, What?
Come and have some fun with me baby
90s grimey, mentality 80s
What fades me, Henny and ladies
Nigga ya crazy I gotsta little cheese automatic
If I owe ya nigga Ugh
I'mma let'em have it
Stay higher than the average
Haven't planned on landing
Ladies meet the band and
Smile for the Cannon
Flicks? I make hits like Prince when the rent due
This another anthem to sweat to
The shit that you pant to
Take off ya shirt and pants to
Flirt dance later on squirt to
Oooh
