Lovers kiss
The haunting eyes of the innocent
I Hold you close
In the sweet caress
Of your wedding dress
I lay you down
Lost in the sound

Of the temptress queen
She rules the world
Underneath my feet
I hold her close
Just to feel her need
Pray she'll never leave ,
She'll never see

Chorus:
All my senses are to blame
My dear
All my lovers effigies are burning but the one
All your mysteries are meant to be
The secrets of your heart forever yearning to belong.
To a lovers kiss.

A lovers kiss
Takes her out
To the infinite
Drags her down from the parapet
And there's no regret.
No regrets.

She's my chosen queen/seventh sea
She drowns my soul with an energy
The mystic light of her bridal suite
Where she never sleeps.
Where she never speaks.
