Verse 1

Do you see what you want to see?
Are you happy with what you've found?
Are you looking for some sympathy?
Feel that life has let you down?

Chorus:

I've been watching the world go by now.
I've been watching the world.
I've been watching the world go by now.
I've been watching the world.

Verse 2

As the cars roll by your window sill at night.
As the silence settles in.
Do you stop to think ,
and wonder for a while?
Just how life might've been.

Chorus:

Verse 3

As the cars roll by your window sill at night.
As the silence settles in.
Do you stop to think and wonder for a while?
Just how life might've been.

Chorus:

Can you feel it in your heart?
Can you feel it in your soul?
Feel it in the darkness,
former visions of the old.
As you watch the years roll by.
Watch your visions die.
Build the cross you hide.
Build it up inside.
