Intro/Chorus

If I, If I, If I Die tonight I did my thang
I live through these flows and these pictures when I
pose cause who knows
If I Die tonight I did my thang
I live like a "G" and I pray constantly watch me
please
I might die tonight I do my thang
I rip and run these streets and I deal with these freaks,
these freaks (Damn)
If I die tonight I did my thang
Next might be my turn but you live and you learn, you
learn
If I die tonight I did my thang

Verse 1

Aye, Ok I thank for my blessings, I thank God for my
struggle
These bills gone keep on coming so I thank God for my
hustle
Man I thank God for my daughter, Lord knows I love
that smile
So I don't deal with these niggas 'til they got
bread to feed my child
And some of my partners say that I'm changing,
but I'm that same old Frost
The difference is I got mouths to feed so I just can't
take no loss
And nowadays it get hectic, wars and rumors of wars
So if I die tonight I just pray the lord let me through
them doors (let me in)
Cause real talk I be on it, no sleep 'til I reach my
peak, my people don't eat 'til I hit these streets
Real niggas get reached when I'm on these beats
and I'm on these sweets (and I'm on it)
Cause I be so tired of all of this stress, sometimes I
ride and picture my death
And think if I've strived to be at my best, cause
that's what's left (that's what's left)
Your legacy not your life, so you can't tell me
it's not my right
To get on this mic and show you my light, oh that's

too bright? (thatâ€™s too bright)
Well I donâ€™t need fortune, I donâ€™t need fame
Long as I die and you know my name thenâ€¦!

Chorus

If I Die tonight I did my thang
I live through these flows and these pictures when I
pose cause who knows
If I Die tonight I did my thang
I live like a â€œGâ€ and I pray constantly watch me
please
I might die tonight I do my thang
I rip and run these streets and I deal with these freaks,
these freaks (Damn)
If I die tonight I did my thang
Next might be my turn but you live and you learn, you
learn
If I die tonight I did my thang

Verse 2

Ok I thank God for my failures, I thank God for success
I thank God for my job and this asshole that cut checks
I ask God to work on my patience, I got a bunch of not
yets
So I just grind and I brace for the time and the place I
can show â€˜em that a nigga got next (got next)
Yeah, these niggas just dream. Me? I got this vision
No Politics and Religion, cause a bunch of gaps needs
bridging
They say rap need fixing, I never been the mechanic
type
But I do know when the power goes out you can shine
with a lilâ€™ bit of candle light
I, I can show you how to handle life, you can get it if I
got it to give
Real talk, either chase your dreams, or work for
somebody that did
And never lie to your kids man, Santa Clause and all
(ho, ho, ho)
I respect my pops he kept in real with me winter,
summer, spring, and fall
Thatâ€™s why itâ€™s not a thing at all to put life in a
flow for you
Iâ€™m a starving artist far from starters and Iâ€™m
feeling like my time is overdue
But, itâ€™s cool, itâ€™s cool, I donâ€™t need fortune I
donâ€™t need fame
Long as I die and you know my name thenâ€¦!

Chorus

If I Die tonight I did my thang

I live through these flows and these pictures when I
pose cause who knows
If I Die tonight I did my thang
I live like a "G" and I pray constantly watch me
please
I might die tonight I do my thang
I rip and run these streets and I deal with these freaks,
these freaks (Damn)
If I die tonight I did my thang
Next might be my turn but you live and you learn, you
learn
If I die tonight I did my thang

If I Die tonight I did my thang
I might die tonight I do my thang

Bridge/Outro

Now I lay me down to sleep I pray the Lord my soul to
keep
If I should die before I wake I pray the Lord my soul to
take
As I rip and run these streets I pray the Lord my soul to
keep
I gotta get it make it shake and do it for my daughters
sake, aye
