Go take your bags away
Get out of my home
Get out of my life
I don't want you hanging round
And I don't want you to be my wife
When I go to the cafe
I sit in the seat that faces the mirror
I look at my face today
And I look such a wreck today
I knew you well for five minutes and one day
O-oh no way, Jose
I don't ??? ugly views
And I'm not interested in family muse
And ?? is boring and conversation pours
Even when we're in bed
I wanna rearrange your head
Put down the covers
And get you up against the wall
Shoot good babe
Well I knew you well for five minutes and one day
O-oh no way, Jose
You follow where it's going
Can't you see I was breaking
How'd you know the love making wasn't only faking
You get out of my home
And you get out of my life
You didn't hang around much girl
'Cause now you're someone else's wife
I go to the cafe
And I sit in the seat that faces the mirror
Well I look at my face today
And I look so good today
Well I knew you well for five minutes and one day
O-oh no way, oh no way, oh no way, Jose
You're just another girls names
O-oh you're just another girls name (X3)
