"I Wanna Stay Alive With You"

I'm not one to judge that much
And anyway I just wanna get high on you
But thirteen year old girls
In hotels on the other side of the world
Seems a little much for me

I wanna stay alive with you
I wanna stay alive with you

And they'll look you in the eye
And anyway they'll always slip a smile at you
But thirteen year old girls
In rat-holes on the other side of the world
They wouldn't lie to you

I wanna stay alive with you
I wanna stay alive with you

And free runs into town
Where the boys and girls are settling down for the
night
To make up and make eyes at you

I wanna stay alive with you
I wanna stay alive with you
