Father forgive me but I don't care
Taking off the things they wear in lines
She's got a family, now they stay inside
Don't think she'll make it home tonight

And I'm on my way to the next town
And I'm on my way in a hurry
And I'm on my way, my head down and down and down
And I'm on my way, don't worry

Don't look straight at me, get that straight
Get out and leave before the next day
He made it happen but I digress
I believe that something must have happened

And I'm on my way to the next town
And I'm on my way in a hurry
And I'm on my way, my head down and down and down
And I'm on my way, don't worry

Take me alive, take me tonight
Take me dead this time tomorrow

Take me to my place, give me what you do
Find out the meaning of tomorrow
It will not happen and it never can
Fe fi, sit down on your pattern

And I'm on my way to the next town
And I'm on my way in a hurry
And I'm on my way, my head down and down and down
And I'm on my way, don't worry
