

## Ocean Colour Scene "So Low"

If anyone rises at 6.31  
And fakes all day that  
They're having their fun  
They never did get it right  
Since they got it so low

To anyone drinking the morning away  
The afternoon will prove a mistake  
They never will get it right  
Now they've got it so low

And we laugh and we drink  
And we teach ourselves not to think  
(and we find it hard not to think)  
We never did get it right  
Since we got it so low

To all the faces that  
Freeze for you there  
In your memory when you try not to care  
They never disappear down the slow road

For all of those people  
Who bleed by the side  
And split from their tongues  
And sharpen their knives  
They never will get a life now  
They've got it so low

Repeat chorus

Cornfields and pig-tails and  
Fish in the stream  
The night that the boys stole  
A billion dollar dream  
From the high jinx school  
For girls down the road

Stories are smoke trails  
And some may be true  
You're listening to me  
But I'm talking to you

I hope you never fall from grace  
If you get it so low

Repeat chorus (x2)
