I don't like this
Anymore than you
In fact I'm scared
At the top of the stairs in the dark

Throw away all the dreams you had
Slow and broke
And just for you
You were barely there

Hey little girl
Where's your mamma gone?
Has she left you scared
At the top of the stairs in the dark

It's too late for come backs
And I've been wrong before
Now I need, I need no more
Except for you makin' up the sides

It's too late for come backs
And I've been wrong before
Now I need, I need no more
Except for you makin' up the sides

Evil is when evil comes
At the top of the stairs
At the top of the stairs
And in the dark

The world won't listen
And it gets this scared
Standing there
At the top of the stairs in the dark

Come on baby
Let's lose this fear
And let's stand here
Where it's always fair and never dark
