And if I could hold you
Where would you belong?
Sitting here to reason
How the world's gone wrong

And if I could listen
To half the words you say
Would your pathway glisten?
Help you on your way

Oh, you've got it bad
But you never should expect cover
Oh, you've got it so bad
Worse than any other

If I was in your shoes
Would it be the same?
Would you sit in silence
While I dish out the blame?

And if the world was laughing
Would you close your ears?
There is no creed of chanting
To make the world more clear

Oh, you've got it bad
But you never should expect cover
Oh, you've got it so, so bad
Worse than any other

If I bought you flowers
Would you watch them grow?
Spring time is for certain
To follow on the snow

And if I could hold you
Where would you belong?
Sitting here to reason
On how the world's gone wrong

Oh, you've got it bad
But you never should expect cover

Boy you?ve got it so, so bad
Worse than any other
