I want to make you mine
I want to make you mine

She Hot she know it
baby girl don't blow it

Im better then your X and next
Let me impress
Yeah we gonna do it
With the lights on
Yeah you know I killed it
Now baby work them hips
make sure you lick your lips
one kiss and im gone she looks at me and says
what's wrong
We rocking we rolling its like im a pole
that girl is just stroking
making love to music more shots
And were moving
or I can call that grooving
Baby girl your smoking hot
like im four blunts to the head
I just wanna get you in my bed
to make sure you rest your sexy head
Lil pap Im killing that go everybody on their feet
When they hear me on this beat
yeah Im rocking from city to city and country to country
And world wide lil pap let me come aside let me bless

you with each rhyme that I got
yeah im blessed no stress what can you do im smoking

I am the man and I aint gone stop lil pap and I make it
rock
Jumping from side to side left right back to front I killed
