Run, Tommy, run
Did you get all you want?
Did you drink their well dry?
And extinguish all their sunshine?
I didn't say that I felt the same
You just took it as read
As I closed all the blinds and put you to bed
And read you all the last rites.

It serves as a warning to me, just like most of these
days do
Cause I just wish you coulda just left you there sitting in
your own shit
Cause I know that you would me, too
See, cause I've trawled through all this before
And I bought that skinny tee
With a big black gaping hole where the heart should be
That says, "baby, I renounce thee"

Don't you die on me now

That kiss is now a circus show
That big top tent and neon glow
Through spectacles
Of rainbow red
You never feel
Your love 'til it's dead

Yeeaaaahhhhhhhh

Arm's length keep him
I stab but don't injure
No blood ever poured
Empty as a hole and ever depleting

One and four makes us whole
A bankruptcy of love
Cannot swim above
Empty as a hole and ever depleting

I recoil from the blast

And look around me
Neither friend nor foe
Empty as a hole and ever depleting
