The future age  
cast asleep but the film remains  
this aftertaste  
all I want is that which I gave  
master / slave  
I burn fast on sinking ships  
and I can talk  
I place pride on tick and tock  
this lonely silent shrine to dawn (lonely silence ran 'till  
dawn?)  
rite of passage open doors  
but I'm not frightened  
master / slave  
line and sinker take the bait  
where others float  
you and I crash land  
where others float  
you and I crash land

where I see us  
in far away skies  
I could not say where I am  
lost  
the darkness falls upon the day  
where I see us  
in far away skies  
I could not say where I am  
lost  
the darkness falls upon the day  
where I see us  
in far away skies  
I could not say where I am  
lost  
the darkness falls upon the day

'cause no one's there  
'cause no one's there  
'cause no one's there

where I see us  
in far away skies  
I could not say where I am

lost  
the darkness falls upon the day  
where I see us  
in far away skies  
I could not say where I am  
lost  
the darkness falls upon the day  
where I see us  
in far away skies  
I could not say where I am  
lost  
the darkness falls upon the day

'cause no one's there
