### "Trail Of Fire"

I run a trail of fire, through the meadow paths  
Guided by the river banks, Trees from which to hide  
behind  
Keep running away from the fire  
Keep running away from the light 'til it's gone

Our hourless summers, At one with the ground  
And everything I loved you for, A trail of fire from the  
door  
It leads me to a hiding place  
And I can hear your signs

And I'll hold this blade of grass, And I'll hold 'til  
eventide  
The dark that shroud your loving neighbor, he's the  
one who lit the paper  
While the reason's unexpressed, And senses are  
determined  
The innocent are voiceless, The voiceless are innocent  
She becomes a little itch, Dig a hole out from the end  
Say a prayer to ma  
Hope that you reach the morning light the paper  
Say a prayer to ma  
Hope that you reach the morning light the paper

From them I strip the title, Extinguished and misused  
And all our engraved memories, And unsuccessful  
remedies  
I'm sick of papering the cracks, Extinguishing the fire  
tracks

Though torn from desire, I've torn from the strife  
Lending pull of the door, But his fear of the war  
Holy water and air, Where the walls went to play  
As the ??? I'll ???, Took the wanting away

Questions, on top of questions  
Don't think that answers are even here

Why do you run from me?  
Running away from me?

Unsung Untied Alive  
Unsung Untied Alive  
Unsung Untied Alive  
Unsung Untied Alive
