This is a acid trip, rancid spit, psychedelic[?] shit,
Vodka & Ayahuasca to capture a glimpse of ecstasy
You will need a tiny pill in this bitch
Now overdose over the dose prescribed for Doc Nova
The pot smoker too high to be sober
I believe smoke my weed smoke is Keith soaked
The re-broke, the re-wrote enough to make
3 smoke, 1 pass out, 2 re-smoke, When all's gone
We re-roachin it, re-toast
We boast about that kush we roast, best groce
Top dollar top of the chart, that's the west
If i ain't high then I must have just woke up
I stay high in to the moon, till the sun rose up
Then I make clouds appear, the gas is massive
I clash your gastric, smash your glasses
Back from the ashes spread like rashid flashes that
Man to man this be a classic with new cuts fuck that
Gashes act if you a now inactive bastards
Bring it back, it's at ya
