

## Oceans Of Sadness "Failure"

Visit "[Failure](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Every day in every way hypocrites reign  
Time to pay, make my day, fire away  
Now...

Time has come to face the truth  
About this world today, yeah me and you

Go away, disobey, pulling the chains  
Every day in every way, I will remain  
Now...

Time has come to face the truth  
About this world today, yeah me and you

We believed in failure so we achieved this hatred  
We believed in failure yeah we achieved this hatred

Inside there's an angel trying to figure it out,  
what is making him sad  
Hold on when he dies from sadness' cause  
the moment that I...

We believed in failure yeah we achieved this hatred

Now I will compete with the demons  
that feed on the sleeping, they're eating

and sucking on eyeballs and chewing  
on spines but they can't be divine  
So I'd rather be killed in this war than to run...  
don't you see they're trying to eat our souls?  
Like the feeling you get when you're losing it all..  
I'll defeat them even if it's the last thing I do  
I will curse them to hell, where they belong

So I say hell no way, go fuck you all  
I remain on my way, where I belong

Hello?

Please lock all your doors tonight, keep on your  
candlelight

There is a chance tonight that they will try to strike  
Lock all your doors tonight, children also inside  
There is a chance that I will have to sacrifice

Hello?... anyone there?
