Hope is gone, feel so small
Tried too long, can't hold on...
Hope is gone, feel so wrong
Tried too long, now it's gone...

Never, never...

Hope is gone, feel so wrong
Tried too long, now it's gone...
Holding on to illusions
God, so wrong to carry on
Flying on towards the sun
Feel so strong, I'll carry on
Carry on... can't be wrong

Eyes... so sufficient...
I can't believe that this nightmare is real, 'cause the
pain is so surreal
And the healing nihil... holding on hope that is gone,
no...
Eyes... so exquisite...
I can't believe that this nightmare is real, 'cause the
pain is so surreal
And the healing nihil... holding on hope that is gone,
no...

Bowed to low, been condemned to serve now

Desire! Rapid flames contouring their
sweet lying! Dishonesty will be punished with
crying! Recognise those people by their
two-faced expression... snatch - kill - rip their face up

To those who embody love, you fools won't reach far
enough
To those who believe in a fate or a destiny
Your fortune is running up, and when you'll be out of
luck
Don't count on the people that you helped yourself

... or is this a nightmare after all?
