Gravity, gravity
Why oh why you try to fail me
Never you mind never you mind never you mind it's
entertaining
Us for a while just for a while
Your crocodile smile now is fading
Maybe i lied maybe i lied maybe i lied but it's
entertainig

Oh how I'd cut you to the bone
Oh how I'd cut you to the bone

This creeping and siething i pour it on to make you
grow
While iâ´m waiting for the lights to change
Your love that is weakening a last entrance before you
go
Are you waiting for the lights to change

Why try to fight why try to fight
Holding on tight but my hands are shaking
In pulling you down pulling you down
From this dream you are never waking
What cannot see what cannot see what cannot see
Cannot try to lead me
Know my own mind know my own mind know my own
mind
And iâ´m not crazy.....

Oh how I'd cut you to the bone
Oh how I'd cut you to the bone

This creeping and siething i pour it on to make you
grow
While iâ´m waiting for the lights to change
Your love that is weakening a last entrance before you
go
Are you waiting for the lights to change
This creeping and siething i pour it on to make you
grow
While iâ´m waiting for the lights to change

Your love that is weakening a last entrance before you
go
Are you waiting for the lights to change

Oh how I'd cut you to the bone
Oh how I'd cut you to the bone
Oh how I'd cut you to the bone
Oh how I'd cut you to the
bone
