Stasis he freezes we root to the spot
he's reciting and listing
feelings i didn't know i had
i shiver now
depiction it's all too clear
elating and lifting
he's nature's favourite yet chemical

always say always again oh so very touche
i am lost but he has found me says always

saviour i'm hanging on every word a religion
a beauty lies in deliberate mistakes

ourselves! ourselves! we built him ourselves!

always say always again oh so very touche
i am lost but he has found me says always

burn his eyes our hatred and beauty is love and
caffiene
a voice like graffiti ourselves
ourselves we built him ourselves
our boy our boy contortionist boy

it's turning out the way you planned it, your thoughts
command
it just like you dreamt it elater depicter yeah

doo doo doo doo doo...

ourselves! ourselves! we built him ourselves!

we are lost but he has found us epitaph...
ah...
ah.....
burn his eyes our hatred and beauty is love and
caffeine
a voice like graffiti ourselves
ourselves we built him ourselves
our boy our boy contortionist boy
