

Oceans Of Sadness "The Weakest Link"

I always try to make things easy
I try to survive just by ignoring
The possible signs of my redemption
And I don't know why but I just fear that

Every day I start all over
Every day I plan a new world
Every day I start all over,
Every day I plan

You, you won't see
That you are a part of what you don't believe

Every day I start all over,
Every day I plan a new world

You, you won't see
That you are a part of what you don't believe
Now you will feel
How it's like to be weakest link like me

Every day I start all over

Every day I plan a new world

Smile for me, try to see what a feast life is!
Yeah smile for me, can't you see what a feast life is?

Take me now cause I feel so down
and I fear this crown

Let's go, not too slow, we've got a long way to go
Or hell we'll be too late
3-2-1-GO!

Smile for me, you'll feel again

Every day I start all over
Every day I plan a new world

You will see
That you are a part of everything you see

Now you will feel how it's like
to be the weakest link in me
