

## Oceans Of Sadness "Try To See"

Visit "[Try To See](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Away you hypocrits  
Who speak the words of truth  
"I believe and you believe"  
IN FAILURE  
"Try to picture this,  
you'll feel new born again"  
Yes they all experienced,  
IT'S PAINLESS

Children of a fake emotion,  
never trying to break free  
Now it's time for whole salvation,  
Follow us for we will be

REAL

Feel the purity  
From which that we proceed  
I believe and you believe  
IN POWER  
Of our own soul  
Complete harmony  
Yes we all experience  
OUR JOURNEY

... feeling holy  
... praying to see

Laughter comes after we cry, dying alone  
Fire and desire as we all grow
