I found a path into your life
I found your soul sliced like a knife
And its never fading
Always anticipating

I fought religion for my right
The sound of angels formed a light
It's a little sick but
Why are we afraid? (Fight for your life)

You're nothing but a ship that sailed and lost its way
Another heartache
Another mistake
You're nothing but a wave that hit the shore to break
Another heartache
Another mistake

A million minds
A million thoughts
A million signs
A million flaws
A million grip holds in this life
A million ways to fight or hide
A million tries
A million ways
A million ships to break the waves
But only one way to see thatÃ¢â€šÂ¡ (You should fight
this)
You're nothing but a ship that sailed and lost its way
Another heartache
Another mistake?
You're nothing but a wave that hit the shore to break
Another heartache
Another mistake?

You fall away?
You surrender?
You fall away?
You surrender?
You fall?
(I won't surrender)
You fall?

(I won't surrender)
You fall?
(I won't surrender)
You fall

Tonight we run, run away
Tonight we run, run away
(Tonight we run away)
