Til' now I always got by on my own, "On my own" I never really cared until I met you, "Til' I met you" (x2)

Explain

[Verse 1: G-Eazy]

Uh, This wasn't typical for me don't confuse it  
Only thing I've ever loved before you was music  
Took my heart and bruised it, You ain't give a fuck  
I guess you never know what you have til' you lose it  
I know soon you'll probably see it all clear, And realize  
you lost a real love who was here for you  
unconditionally, But it's ugly now years down the line  
you reminisce to the point you shed a tear  
But I'll be long gone and I never will appear in you're  
life no more  
So gimme 'bout a year, Turn on the radio and I'll be all  
that you can hear  
And you'll be mad you ever went and let me disappear  
Now it's only my dreams that I run to, It just sucks that  
one of them will never come true  
You did some shit that you can't Apple "Z" undo  
You cocked back and shot me down witch'ya gun boo  
And I still got the wounds that'll prove it, What the fucks  
the point of having love if you lose it?  
Took the energy, that's what I go into the booth with,  
Now I write a song from my heart, You abuse it  
And paint the picture of a love lost, Now I know I can't  
afford the price love cost, Feelin' feeble and weak from  
the blood loss seeping from my chest, Now I know it  
just ain't what it once was

[Verse 2: G-Eazy]

And since you peaced every day has been a struggle to  
maintain sane when I know I'm still in love with you  
Seeing you around with somebody else touchin' you,  
I'm sick to my stomach wondering is he fuckin' you?  
And I know I'm buggin' too, Wishin' I could let it go and  
stop thinkin' 'bout you

But I can't forget it though, You were my queen and  
you were my dream, til' you turned nightmare  
I just wanna scream, Somebody please pinch me, I just  
gotta wake up  
I just keep missin' how it was before the break up  
Stuck in the past when you were my ace, I just hope you  
know you could never be replaced  
It burns like mace in my face, a vodka shot straight no  
chase, When I think of us being erased, But you don't  
feel the same, showin' no empathy, whatever fuck it, I  
guess it wasn't meant to be

"Aha ha, It is what it is, Take it how you want it."

[Hook]
