I be cooking up slop up in my labratory  
In time to hear you other rapper's stories 'cause they boring  
... , I'm sleeping on you ho\*s  
Like we brought a sleeping bag, pillow, and a change of clothes  
I'm tired of you lames, you don't make music  
You didn't engineer it mix it or even produce it  
You just wrote your 16, which wasn't even hot  
Now you talking like you got some kinda...  
I'm sorry to expose you  
Somebody should've told you  
What a rapper does or at least what he's supposed to  
Getcha' own... , record your own vocals  
Learn how to mix, then go and learn...  
Don't need nobody else  
It good by itself  
I make my own  
... for no help  
Married to the music  
I'm thinking now they call me a professor  
Wanna find me I be I be in the lab

#### Chorus

I be... a show every night up in the lab  
I'm working like a mad scientist gone mad  
In the basement with a pad and a pen jotting down  
Verbs adjectives and nouns  
While we pass the weed around  
At least that's from my mind  
Jaws drop when I rhyme  
The fresh... you can hate but I'm...  
After my first... they bring it back and rewind  
Like hold up  
What the f\*\*\* you you saying  
'Cause they f\*\*\*ing with me (no)  
Everybody need to (know)  
Pay attention 'cause we... (no)  
Up superstar status  
Back at it G\*\* Da\*\*\*\*

B\*\*\*\* I am the freshest on the planet  
Check me resem I been serving these  
Ten albums in the game at young age of 18  
You don't know music ha I know music  
Got the beat and I abuse it  
B\*\*\*\* I... this

Chorus

Ending (from Dexter's Labratory)
