I gotta get out  
I gotta get free  
I gotta get loose of all these chains that's holding me  
down, tell me why  
I should even try  
It's too dang hard

Well this road I'm on  
This road I drive  
keeps stretching out 'for my eyes miles and miles  
well these good thing comes along and I get to ride too  
long

I need you to save me  
I need you to set me free  
I need you to save me  
I need you to set me free

Beyond the pail  
I've walked in fire  
with just a song to tell us all to testify, I am unburned  
I am returned, and now i rise  
but I've seen the signs on that passes by somethings  
got to give  
can't be free if it's good for me but i'm not quite  
convinced  
so these good thing comes along and I get to ride too  
long

I need you to save me  
I need you to set me free  
I need you to save me  
I need you to set me free
