Right now
This is how it starts
Gotta get out
Make some noise and break some hearts

I can't wait
To see the sun on summer skin
Before it's too late
I'm gonna tear it up gonna soak it in

Get loud
You can't fight it no
You gotta let it out
You can't hide it now

It's a brand new day. Got a brand new reason to
celebrate
Got a brand new suit gonna stay out late
Gonna blow the dust of this old town
It's brand new this time around
'Cause I got a brand new girl
Some day
Doesn't seem so far
We do it our way
It makes us who we are

I can't wait
Forever's not my scene
Before it's too late
Gonna show the world how to have some fun

Get loud
You can't fight it no
You gotta let it out
You can't hide it now

It's a brand new day. Got a brand new reason to
celebrate
Got a brand new suit gonna stay out late
Gonna blow the dust of this old town
It's brand new this time around
'Cause I got a brand new girl
