He was a mystery, more than i could see, i walk past
him everyday and wonder does he notice me
they say im too young, and plus he's got someone, i
think he needs someone new
let me but that one to you

(chorus)

But your just a dream, your just a dream,
forever on my mind, but never with me

It's getting harder now, seeing you around
and this drink don't help at all, im just a fly up on this
wall
little do ya know, im tryna glow, hopin you'll turn
around, sweep me right up off this ground

chorus x2

I conveniently just might need a ride home one night
he wont resist my lady charms, i'll trip myself into his
arms
then he'll touch my hair and he'll kiss my face
pheromones will intoxicate, drunk off each other we'll
embrace
