You know these days  
they go to fast  
i close my eyes and take a breath and its passed  
what have i done, why do you run, it keeps me warm  
but im blinded by the sun  
it's probably best that i don't see  
you'll never live with out me

We'll never die  
we'll never die  
send a bullet through me watch me fly  
we'll never die  
we'll never die  
push you sword into me where i lie  
we'll never die

Oh you can push, but i can pull  
and you will never get away from me no  
cuz this is fate, it's destiny, the only thing my mind can  
see  
you're why i live, you're all i know  
and i wont let go

chorus x3
