I will never fall in love I'll never fall in love  
The way I fell in love with you

Endless words butterflies  
Choking love on their way out

Listening for signs of us in every melody  
quick hellos long goodbyes  
the beauty of the scenic route

imagining the things i'd say if u were next to me

dear, I cannot say, what the wind will bring  
or if there's anything for us but

(chorus)

I will never fall in love I'll never fall in love  
The way I fell in love with you  
No I can never fall in love, I'll never fall in love  
The way I fell in love with you

Times alone, never hard  
Blissful thoughts of you and I  
mere a chance to sink into a daydream reverie  
on the phone, in the car  
stuck in traffic half past five  
not a care because I know that you're in love with me  
dear, I cannot say, what the wind will bring  
or if there's anything for us but

(chorus)

I will never fall in love I'll never fall in love  
The way I fell in love with you  
No I can never fall in love, I'll never fall in love  
The way I fell in love with you

Close your eyes, listen close  
as I sing this lullaby  
Will you maybe dream of me as I will dream of you

I will never fall in love I'll never fall in love  
The way I fell in love with you

No I can never fall in love, I'll never fall in love  
The way I fell in love with you
