So it's goodbye
You're moving on to a better life
I will stand by and wait for tomorrow
Standing in the rain
It's hard for you to say
I'm getting on this train and leaving
Chicago

Time slows, I'm barely sleeping
Nights turn to days
My lungs close, I'm only breathing
When you're with me

Chorus:
Come back to me
Come back to me
Come back to me
Come back to me

Tell me what I done?
I'm still in shock
Yeah, why have you gone
Just look what I've become
A man chasing nothing

Maybe I'm way too sober
The day seems to sleep
Well baby, it's still not over
Can you hear me?

Chorus

I know, I know, I know (that maybe)
You'll never make it home (but lately)
I know, I know, I know (that maybe)
You'll come back to me
I know, I know, I know (that maybe)
You'll never make it home (but lately)
I know, I know, I know (that maybe)
You'll come back to me

Chorus
