Back when you were young
You used to dream that you were walking down the
aisle
Flowers in your hair, never seemed to care
Your mother's dress would never fit
And you know it's true, you were daddy's little
girl
Well this is all for you, so

Say yes, say yes, say you'll marry me
Say yes, say yes, say you want to be my bride
And we could stay for days in each other's eyes
And you could be my escape, just say yes

I still remember when the first time that we kissed
It was a perfect accident
And every now and then, as if it were a dream
I have to wake myself again
And I'm on bended knee as my hands begin to
shake
Could it be you and me? Please just!

Say yes, say yes, say you'll marry me
Say yes, say yes, say you want to be my bride
So I could take care of you if you would take my hand
I want to stand by you, just say yes

I'm standing here today in front of you
In front of everyone we know
To give it all away, to be with you
To start a life on our own
I know I found it now
I can't believe I found you
And I'm waiting now for you to

Say yes, say yes, say you'll marry me
Say yes, say yes, say you want to be my bride
I give you all I am, and everything I'll be
'til every breath is gone, just say yes

Say yes, say yes, say you'll marry me
Say yes, say yes, say you want to be my bride

So I could take care of you if you would take my hand
I want to stand by you, just say yes
