I don't know what this fight's about  
You never said goodbye  
But it feels like you're trying to push me out  
Every day that passes feels a little longer now  
And I wonder if this will ever fix itself  
When I'm not around

Oh but baby, this time it's so hard  
You know  
Why are we falling apart?  
Just know

Chorus:  
When all your battles are won  
You'll find you need someone, someone  
You will see  
When the world starts to bend  
You feel you need someone, someone  
Just you and me

These hotel rooms are getting older now  
Another restless night trying to find the thoughts  
The thoughts that calm me down  
I hope it hits you when you hear the sound  
When the hammers hit the strings, and sing  
And tell you how I feel

Can you see the man in me now?  
I hope you and I can find a way out  
Just know

Chorus

You know it goes on and on  
But I hope it won't be that long  
'til I hold you and get you right back where you  
belong
