Here's a little something for ya babe
Just another game that we can play
I spy with my little eye a girl that won't turn away
So much that I just wanna say
Can't find a reason or a way
Last night it felt so right
It makes me wanna stay

Chorus:

Hey girl, you got the moves girl
Doing what you do
You're making my eyes move all over you
Hey, I know what you like
You tease when you bite
And we're gonna test our bodies tonight

Here's another question for you babe
What can I do to make you wanna stay
Cause my eyes are locked in tight
And I can't turn away
Slide across the room and you will see
I'm closing in and I can feel the heat
I'm sure your looks are pure but a muse is what I
see

I love the way your hips move when you're out there
on the floor
I love the way your body screams, say I want more

Chorus

I got a feeling it's only us tonight
Just the beginning
Burning the city, we'll take it all tonight

Chorus
