Walls you can build all around
Just to shield a piece of your world out of sight
And I needed you to look through
To the shadows I tried to bury inside
Drawing them out to the light
You showed me I got nothing here to hide

Now I can be who I am
Now I can stand up for everyone to see
Takin this life in my hands
Now I can be,
Now I can be the real me

Free of defenseless finally
And I'm somehow safer than I've ever felt
You, dare to be you
Now I know I don't have to be someone else
When I'm with you I am just myself

Now I can be who I am
Now I can stand up for everyone to see
Takin this life in my hands
Now I can be,
Now I can be the real me
Now I can be the real me
Now I can be the real me
Now I can be,
Now I can be the real me

Walls you can build them all around
But you've show'd me I've got nothing here to hide

Now I can be who I am
Now I fan stand up for everyone to see
Takin his life in my hands
Now I can be,

Now I can be the real me
Now I can be the real me
Now I can be the real me
Now I can be,
Now I can be the real me
