Please welcome the sunny fun delerium
No matter

Way to go, I got a "69 B" at the bingo
Whatever
Whatever

Bathing in the sun
Is time to frolic in the surf
No more rainbow, no more sunny afternoons,
no more parasols, cocktail straws
They end the shows on the heaven radio
Whatever

I let my body to the night forever
And I never going to pray for this world
It's to loud, it's too crowded too bitter to swallow (to me)
I let my body to the night forever
And I never going to pray for this world
It's to loud, it's too crowded too bitter to swallow
