I feel the spiral of my dancing suicide
My body against the disco dealer
I'm pumping the blood with my ears
Music drains, and I'm a serial dancer

I feel the spiral of my dancing suicide
My body against the disco dealer
I'm pumping the blood with my eyes
Music drains, and I'm a serial dancer

I'm fucking tired but I'm feeling good
I'll keep on dying all night long

I feel the spiral of my dancing suicide
My brain against my body, never!
I'm pumping this sweat with my eyes
Music drains, and I'm a serial dancer

I'm fucking tired but I'm feeling good
I'll keep on dying all night long.

If you wanna dance, you'll have to dance or die
If you wanna dance, you'll have to dance or die

Feel the boogie, the boogie in me,
Tell me now, the one that you are (x4)

I feel the spiral of my dancing suicide
My body against the disco dealer
I'm pumping the blood with my ears
Music drains, and I'm a serial dancer

I'm fucking tired but I'm feeling good
I'll keep on dying all night long
