I was checking out the Ritz hotel, in the middle of a  
Paris afternoon  
My baby nude, my baby sweet, my baby got a perfect  
ass  
Electric lips on endless legs, chaotic fury on breathless  
heels  
My baby goddess is the reign of high voltage queens

A kamikaze body that blows up sex in your dream  
Satan's daughter kills with the perfume of her moves  
As she walks through the lobby turning man's eyes into  
steam  
The lady is nude, damn! The model is real.

She turns me on, she turns you on.  
She turns every single fucking life form on  
She doesn't care of your control.  
She doesn't give a fuck of your smart rock'n roll  
You wanna try? Try me and die? Give me some love.  
Yes show me what you've got  
I've got it all. When nothing hides. I wanna try  
And while her chest so synchronized with the flying of  
her mane  
She keeps going her machine-gunning with her style...  
a hurricane  
Now let them shake and shake for me and shake it yes,  
yes shake it only

My baby nude, my baby streaks, my baby with her  
perfect ass  
She turns me on, she turns you on.  
She turns every single fucking life form on  
She doesn't care of your control.  
She doesn't give a fuck of your smart silicon

You wanna try? Try me and die? Give me some love  
And then show me what you've got. You've got it all.  
When nothing hides  
You want it all

You wanna try? You just wanna try? Try me and die?

You want it all  
Then show me first what you've got. Bring me your lust.  
Give me your sins  
Forget it all. Now show me please what you've got. You  
are the one  
That's why I whisper your name. Don't run away  
Just show me now what you've got. If you are real.  
You've got it all

Over the night. She's watching my fall. Live on a mud  
lane  
She's gotta make me some.
