"Making Plans For Nigel"

Visit "[Making Plans For Nigel](#)" on MotoLyrics.com

We're only making plans for Nigel
We only want the best for him
We're only making plans for Nigel
Nigel is made for a Belgium steel
And when Nigel says he's whoopee
He must be happy
He must be happy in his work

We're only making plans for Nigel
We only want the best for him
We're only making plans for Nigel
Nigel is made for a Belgium steel
He has his future in a British steel
And when Nigel says he's happy
He must be happy
He must be happy in his work
And when Nigel says he's whoopee
He must be happy
He must be happy in his work

We're only making plans for Nigel
We only know what's best for him
We're only making plans for Nigel
Nigel is made for a Belgium steel

And when Nigel says he's whoopee
He must be happy
He must be happy
